

Independent Rowing Boat Reservation System

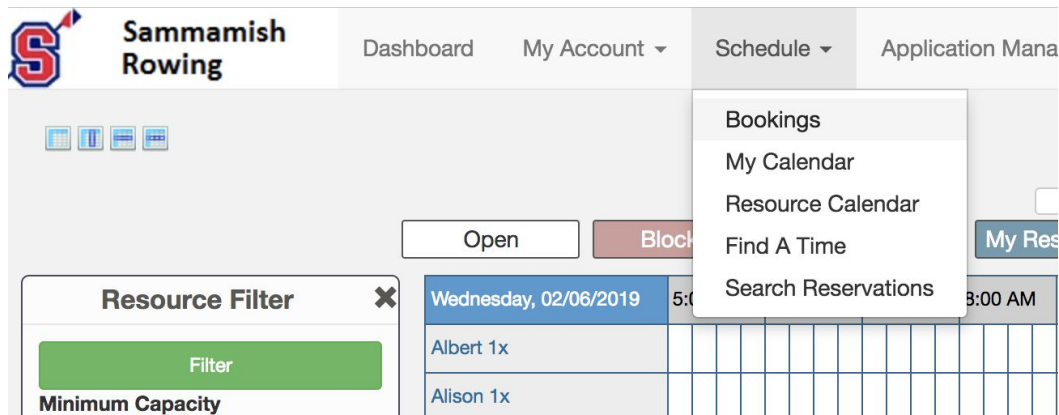

Making a Reservation

1. Go to <http://sra.boattracker.xyz/> and log in. If it's your first login, use the following credentials:

Username: firstname.lastname (example: george.washington)

Password: birthmonth.birthday.birthyear (example: 02.22.1732)

2. Go to "Schedule" > "Bookings"

3. You will now see all of the boats available to you. Select a time slot to make a reservation.
-

Checking In/Out with the iPad

1. Before you can go on the water, you must check the boat out. On the iPad at the back of the Small Boats Bay, find your name and reservation under "Current Reservations" and press the green "check out" button.

2. If you don't see your reservation, try pressing the "Home" button in the bottom right corner to refresh the app.

3. When you return to the boathouse, your reservation will be listed under "On the water." This time, press the green "Check in" button so the system knows you have made it back in on time.

BoatTracker Bot

Long time SRA member Tony Andrews has created a “bot” that makes **reservations, checking boats out, and checking availability even easier!** For more detailed instructions, check out the link below for directions on how to set up the bot using text messages, Skype, or Facebook message.

<http://boattracker.net/boattracker-bot/>

To begin, text “hello” to (425) 961-6576.

IRC Policy Reminders

Private boats

Independent rowers with private boats are required to use the reservation software. This is a safety issue: we need to be able to track when someone is on the water.

Guests

All IRC members are allowed two guest passes per quarter. All guests must have a signed USRowing Waiver and Float Test on file **BEFORE** they may row.

Making reservations ahead of time

Reservations cannot be made more than 14 days in advance.

Boat levels

We have three levels (beginner, intermediate, racer). In the reservation software, you can only see boats for your level. If you would like to move up a level, contact Ethan Currie at ethan.currie@srarowing.com

Keep boathouse locked and secure

When you go on the water and when you leave for the day, be sure to close and lock all bay doors and the side door if there is no one else at the boathouse. If you are unsure if others are present, lock the doors anyway. When you go on the water, make sure there is a set of slings for when you return, so you can unlock the door.

Contact Ethan Currie at ethan.currie@srarowing.com with any questions or concerns about the IRC system.
